

Toronto Infant, Child and Youth Mental Health
Anti-Black Racism Project

Honouring Our Promise: Ending Anti-Black Racism

Community Consultations

Who should attend?

Youth, parents/caregivers, community members, and agency staff who are interested in the mental health of Black infants, children, and youth.

What will happen?

You will share your experience with and perspectives about issues facing Black infants, children, and youth that impact their mental health. What has been your experiences accessing, or trying to access, services? Have you experience any barriers that impact your access to services? Have the services met your needs?

What recommendations do you have for changing the mental health services to better meet the mental health needs of Black infants, children, and youth?

Where will the sessions be held?

All sessions will be held virtually via Zoom.

Can I contribute if I'm unable to attend a focus group?

Yes! You can also contribute your perspectives and experiences through the online survey. Go to www.surveymonkey.com/r/HOPEOnlineSurvey to access the survey.

How do I register?

Go to www.hope-strategy.com to learn more about the project and to register for a session.
